Welcome

In our last brochure I said how we were looking forward to 2022 with much optimism, and I think we have been rewarded with restrictions easing and life looking a little more normal. In the last few months we have travelled to some more of the wonderful destinations that our beautiful state has to offer such as Kangaroo Island, Yorke Peninsula, Streaky Bay and Coober Pedy. Soon we are going to start travelling interstate once again, hooray!!, with Broken Hill, Victorian Silo Art Tour and the Great Ocean Road being our first tours. Of course we will not forget to keep visiting our own lovely state as well.

Sadly, Peta has retired from the office after nearly 20 wonderful years of service with us in some capacity at various locations and we sincerely hope she enjoys her extra time with the grandchildren and that she and Darren will take their caravan on many adventures together. Replacing her is Pam, a personal friend of nearly 40 years, a former airline hostess (in her early days) and then the office manager in her fathers business for 39 years. She and her husband Alan, have travelled most of the world over the last 20 years and I know she will be a great asset to our team. Jovana will continue as our qualified travel consultant , complimenting the team with her skills and I'm sure by now a lot of you have spoken to her at some stage. Ronda and Valerie will still be the faces of our tour hosting team, doing what they love most and that is taking you to places that they love to share with you. We have uncovered some brand new destinations, but we will still have some old favourites that we would love to revisit. Don't forget places and landscapes are continually changing and you will always find something new, even if you have "been there before".

Remember a business can't be a success without a great team working together and we think we have a "great team" which is complimented by the wonderful Kanga drivers as well.

We look forward to having you "**come and have fun with us**" on some of our tours, and in the meantime stay safe and well.
